HAKKIMIZDA

1986 yılından itibaren musluk-batarya sektöründe fason üretim hizmeti vererek başladığımız işimizi, 2000 yılında giderek artan müşteri portföyümüzün verdiği güvenle kendi markamızı oluşturmaya karar verdik.

GTN Pres Döküm Su Armatürleri Metal Kaplama San. ve Tic. Ltd. Şti. adı ile kurduğumuz firmamızda; yaptığımız işi daha da geliştirmeye, daha da yenilikçi ürün gamı ile musluk ve batarya üretiminin faaliyetine başladık. İstanbul Anadolu yakasında faaliyet gösteren firmamız sektöründeki kalite belgelerini almış ve Avrupa standartlarına uygun olarak üretim yapmaya başlamıştır.

“Maksimum kalite ve minimum fiyat” sloganıyla yola çıkan, dinamik ve yenilikçi yapısıyla sürekli gelişme içerisinde olan **GTN** Su Armatürleri, ürünlerini modern çizgiler ve estetik anlayışını ön plana alarak üretmektedir. Ürünlerimiz sağlıklı, hijyen ve güvenlik açısından sorunsuz olacak şekilde tasarlanıp üretimi yapılmaktadır.

Ürün portföyümüzde yer alan standart ürünlerin yanı sıra müşteri isteklerine uygun her türlü pirinç döküm, sıcak şekillendirilmiş pres pirinç parçaların tasarım ve üretimi de yapılabilmektedir.

Öncelikli hedefimiz insan yaşamını kolaylaştırabilecek çevre dostu, yenilikçi, fonksiyonel, su ve enerji tasarrufu sağlayan estetiki ürünler, yenilikçi çözümler üreterek yapı sektörüne katkı sağlamaktadır. En önemlisi de insanları sağlıklı su ile buluşturmaktır. Her zaman kalite, hizmet ve müşteri memnuniyetini amaç edinen firmamız kendisini sürekli yenileyen yapısı ile sektöründe lider firma olmaya gayret etmektedir.

Değerli personelimize, tedarikçilerimize, müşterilerimize ve kullanıcılarımıza göstermiş oldukları ilgi, güven ve destekleri için teşekkür ederiz.
